 Program Today!

On December 15, 2017, 24-Hour Medical Staffing Services (24HRMED) graduated their final four tiger teams.

COSi (Cycle-of Success Program) is a program where 24HRMED team members tackle problems or topics to improve the company. Tackling these problems not only helps 24HRMED internally, but it also improves the experience of our field employees and clients. 24HRMED is committed to exceeding expectations of our nurses and clients, and provide quality services.

Teams are formed with members from different departments to take on problems or topics. COSi is also an opportunity for team members has stepped out of their comfort zone to become tiger team leaders.

COSi is an amazing program that allows any team members to be involved, and voice their opinions. Thank you to all our 2017 Tiger Teams who worked hard to improve 24HRMED.

We look forward to forming new teams in the coming year!

❄️ SERVICE EXCELLENCE AWARD WINNERS ❄️

Our company selects and honors Service Excellence Award winners from our talented and dedicated healthcare professional staff. We have over 200 Healthcare Professionals so earning an award is difficult and special.

Winners must exemplify both clinical and interpersonal skills as appropriate. They must provide high patient and customer satisfaction. They must also demonstrate consistency and reliability. Our Fall Service Excellence Award winners are:

Adlin R. – ER RN

Adlin has been working with 24HRMED full-time, consistently, since October of 2015. She has working with multiple contracts and has proven to be the hardest workers that 24HRMED has ever had. Adlin’s work ethics, dedication, professionalism, and compassion has given her positive feedback from the facilities she has worked at.

Maria B.– Medical Assistant

Maria is very reliable and has constantly shown to be one our best medical assistant. The facility is very pleased with her and treats her as part of their staff and joining company events. Maria receives high appraisal from doctors and physicians. Even though she was only needed for 3-months, the facility continues to extend her.

Michela G. – RN

Michela travels between Northern and Southern California. Her dedication and commitment as a nurse has shown through her flexibility to float to different units. Hospitals evaluate Michela above expectations, and as being “pleasant to work with, very reliable and efficient.”

WELCOME TO THE TEAM, KEVIN!

How did you first learn about 24HRMED?

While I was a student at Cal State Fullerton. I was looking for jobs at the time and stumbled upon the position listing on CSUF's career center website. I ended up accepting another position at the time before interviewing; however, I decided to reach back out to 24HRMED for any available positions after I had graduated and my schedule cleared up.

What is your role at 24HRMED?

I am a Staffing Specialist at 24HRMED.

What's been your favorite part about 24HRMED so far?

My favorite part about 24HRMED is the work culture and environment. It has always been important to me to be valued both in and outside of workplace and I am glad I have been able to find that as an employee here.

If you could be any superhero, who and why?

Growing up, my favorite superhero was always Spider-Man. He was always the most relatable and is always helping out the little guys.
